

## Gypsy Moth Slow the Spread Spray Chart 2011

Dept. of Agriculture, Trade and Consumer Protection

- The 2011 Slow the Spread treatment planned for 82 sites in the following 23 counties: Ashland, Bayfield, Burnett, Chippewa, Clark, Douglas, Dunn, Eau Claire, Grant, Green, Iowa, Jackson, La Crosse, Lafayette, Monroe, Polk, Price, Richland, Rusk, Sawyer, Trempealeau, Vernon and Wasburn. Treatments start in southern Wisconsin. **This plan was separate from the Dept. of Natural Resources Suppression Program.**
- Aerial spraying depends on good weather and proper flying conditions. Any plans that were changed were due to weather, logistical or mechanical problems. Spray updates were available on the gypsy moth toll-free hotline 1-800-642-MOTH (6684), option 1, and on Twitter at <http://twitter.com/WIGypsyMoth>.
- A spray site was treated with one of the following three products: *Bacillus thuringiensis* var. *kurstaki* (Btk), Gypchek (NPV) or Mating Disruptant (MD). Btk and NPV were applied in May and June. MD was applied in June and July.
- Maps and more information are available on the website <http://gypsymoth.wi.gov> or e-mail program staff at [gypsymoth@wisconsin.gov](mailto:gypsymoth@wisconsin.gov).
